Program 1.1: Improved Cancer Control	Cancer Symptom Trials (through University of Technology Sydney)	PO689	\$1,250,000.00
Outcome 1 - Minimised impacts of cancer, including through national leadership in cancer control with targeted research and clinical trials; evidence informed clinical practice; strengthened national data capacity; community and consumer information and support.	Program 1.1: Improved Cancer Control	Trans Tasman Radiation Oncology Group	PO686	\$1,375,000.00
Outcome 1 - Minimised impacts of cancer, including through national leadership in cancer control with targeted research and clinical trials; evidence informed clinical practice; strengthened national data capacity; community and consumer information and support.	Program 1.1: Improved Cancer Control	Australian and New Zealand Children's Haematology/Oncology Group (through Monash University)	PO687	\$1,250,000.00
Outcome 1 - Minimised impacts of cancer, including through national leadership in cancer control with targeted research and clinical trials; evidence informed clinical practice; strengthened national data capacity; community and consumer information and support.	Program 1.1: Improved Cancer Control	Australasian Leukaemia and Lymphoma Group	PO685	\$1,375,000.00
Outcome 1 - Minimised impacts of cancer, including through national leadership in cancer control with targeted research and clinical trials; evidence informed clinical practice; strengthened national data capacity; community and consumer information and support.	Program 1.1: Improved Cancer Control	Psycho-oncology Co-operative Research Group (through University of Sydney)	PO680	\$1,250,000.00

Outcome 1 - Minimised impacts of cancer, including through national leadership in cancer control with targeted research and clinical trials; evidence informed clinical practice; strengthened national data capacity; community and consumer information and support.	Program 1.1: Improved Cancer Control	Cooperative Trials Group for Neuro-Oncology (through University of Sydney)	PO682	\$1,250,000.00
Outcome 1 - Minimised impacts of cancer, including through national leadership in cancer control with targeted research and clinical trials; evidence informed clinical practice; strengthened national data capacity; community and consumer information and support.	Program 1.1: Improved Cancer Control	Breast Cancer Trials (through ANZ Breast Cancer Trials Group Ltd)	PO684	\$1,375,000.00
Outcome 1 - Minimised impacts of cancer, including through national leadership in cancer control with targeted research and clinical trials; evidence informed clinical practice; strengthened national data capacity; community and consumer information and support.	Program 1.1: Improved Cancer Control	Australian and New Zealand Urogenital and Prostate Cancer Trials Group	PO683	\$1,375,000.00
Outcome 1 - Minimised impacts of cancer, including through national leadership in cancer control with targeted research and clinical trials; evidence informed clinical practice; strengthened national data capacity; community and consumer information and support.	Program 1.1: Improved Cancer Control	Thoracic Oncology Group of Australasia (through University of Sydney)	PO671	\$1,250,000.00
Outcome 1 - Minimised impacts of cancer, including through national leadership in cancer control with targeted research and clinical trials; evidence informed clinical practice; strengthened national data capacity; community and consumer information and support.	Program 1.1: Improved Cancer Control	Australasian Gastro-intestinal Trials Group	PO675	\$1,375,000.00
Outcome 1 - Minimised impacts of cancer, including through national leadership in cancer control with targeted research and clinical trials; evidence informed clinical practice; strengthened national data capacity; community and consumer information and support.	Program 1.1: Improved Cancer Control	Melanoma and Skin Cancer Trials (through Monash University)		\$1,250,000.00
Outcome 1 - Minimised impacts of cancer, including through national leadership in cancer control with targeted research and clinical trials; evidence informed clinical practice; strengthened national data capacity; community and consumer information and support.	Program 1.1: Improved Cancer Control	Primary Care Collaborative Cancer Clinical Trials Group (through University of Melbourne)		\$1,250,000.00

Outcome 1 - Minimised impacts of cancer, including through national leadership in cancer control with targeted research and clinical trials; evidence informed clinical practice; strengthened national data capacity; community and consumer information and support.	Program 1.1: Improved Cancer Control	University of Queensland	Trau_2010799	\$552,176.00
Outcome 1 - Minimised impacts of cancer, including through national leadership in cancer control with targeted research and clinical trials; evidence informed clinical practice; strengthened national data capacity; community and consumer information and support.	Program 1.1: Improved Cancer Control	University of Sydney	Keall_2010923	\$581,216.00
Outcome 1 - Minimised impacts of cancer, including through national leadership in cancer control with targeted research and clinical trials; evidence informed clinical practice; strengthened national data capacity; community and consumer information and support.	Program 1.1: Improved Cancer Control	La Trobe University	Poh_2011039	\$242,280.00
Outcome 1 - Minimised impacts of cancer, including through national leadership in cancer control with targeted research and clinical trials; evidence informed clinical practice; strengthened national data capacity; community and consumer information and support.	Program 1.1: Improved Cancer Control	University of Western Australia	McDonnell_2011910	\$199,120.00
Outcome 1 - Minimised impacts of cancer, including through national leadership in cancer control with targeted research and clinical trials; evidence informed clinical practice; strengthened national data capacity; community and consumer information and support.	Program 1.1: Improved Cancer Control	University of Newcastle	Syed_2012660	\$50,000.00
Outcome 1 - Minimised impacts of cancer, including through national leadership in cancer control with targeted research and clinical trials; evidence informed clinical practice; strengthened national data capacity; community and consumer information and support.	Program 1.1: Improved Cancer Control	Univesity of New South Wales	Colino-Sanguino_2012710	\$49,999.00
Outcome 1 - Minimised impacts of cancer, including through national leadership in cancer control with targeted research and clinical trials; evidence informed clinical practice; strengthened national data capacity; community and consumer information and support.	Program 1.1: Improved Cancer Control	University of Queensland	Guillerey_2012868	\$49,685.50

Outcome 1 - Minimised impacts of cancer, including through national leadership in cancer control with targeted research and clinical trials; evidence informed clinical practice; strengthened national data capacity; community and consumer information and support.	Program 1.1: Improved Cancer Control	University of New South Wales	Castano-Rodriguez_201294	\$169,218.00
Outcome 1 - Minimised impacts of cancer, including through national leadership in cancer control with targeted research and clinical trials; evidence informed clinical practice; strengthened national data capacity; community and consumer information and support.	Program 1.1: Improved Cancer Control	University of Adelaide	Vandyke_2013025	\$258,820.00
Outcome 1 - Minimised impacts of cancer, including through national leadership in cancer control with targeted research and clinical trials; evidence informed clinical practice; strengthened national data capacity; community and consumer information and support.	Program 1.1: Improved Cancer Control	University of Adelaide	Hiwase_2013617	\$463,770.00
Outcome 1 - Minimised impacts of cancer, including through national leadership in cancer control with targeted research and clinical trials; evidence informed clinical practice; strengthened national data capacity; community and consumer information and support.	Program 1.1: Improved Cancer Control	University of Adelaide	Nassar_2011672	\$99,948.00
Outcome 1 - Minimised impacts of cancer, including through national leadership in cancer control with targeted research and clinical trials; evidence informed clinical practice; strengthened national data capacity; community and consumer information and support.	Program 1.1: Improved Cancer Control	University of Newcastle	Duncan_SG_2021_031	\$51,680.00
Outcome 1 - Minimised impacts of cancer, including through national leadership in cancer control with targeted research and clinical trials; evidence informed clinical practice; strengthened national data capacity; community and consumer information and support.	Program 1.1: Improved Cancer Control	University of Queensland	Garvey_SG_2021_034	\$52,975.50
Outcome 1 - Minimised impacts of cancer, including through national leadership in cancer control with targeted research and clinical trials; evidence informed clinical practice; strengthened national data capacity; community and consumer information and support.	Program 1.1: Improved Cancer Control	Queensland Institute of Medical Research	O'Mara_WCR_22-0253	\$155,745.50
